

RANSOM

**Bringing The Stadium Rock Experience to a Venue Near You!
Originals - Classic Rock Covers - Pubs - Clubs - Festivals - We do it all!**

Can a four piece 90 gigs a year covers band from the south London suburbs suddenly become an overnight Festival 'headline stealing' Rock act?

Well Lockdown changed the landscape (and the laws of the jungle) And now anything is possible in this brave new world we all find ourselves in.

'Bringing the stadium rock experience to a local venue near you' was always the strap line for this hardworking 4 piece Classic Rock tribute band Ransom. Now having written, recorded and produced their phenomenally successful debut Album 'Back to the Boozer' they continue to grow from strength to strength with their kick ass Classic Rock 'Ranthem' approach to their material.

Armed with a wealth of new, exciting and original material, their tribute tag has been removed. With a killer, tight live set (honed from doing the hard yards week in week out around the London and home counties pub and club circuit) this band is now hungry and ready to 'Raise some hell' at the next level! Only this time they wanna bring 'The local venue 'ROCK' experience to a stadium near you!"
